

# Video Scout

## Product Overview

Opta have partnered with *Xeatre* and *Scout7* to provide a unique online interface which allows teams to view, edit or download match footage online and search it using Opta's time-coded events. Access to this content online ensures video analysis can be shared and viewed anywhere around the world thus removing the restrictions of DVD's. On 15 competitions Opta can provide

a rich and engaging interface making it very easy for coaches, scouts and analysts to search for player or team match events across any number of games. *Xeatre* then offer video footage on a 60 leagues worldwide with games accessed directly via *Scout7* and analysis associated to player reports and biographies.

## Performance Data

Opta collect full details of every ball contact, adding up to around 1500+ actions per game across the top competitions. Teams can now access the footage from any of these games online and search it using Opta data. Whether viewing a player's goals across the season or passes in the final third during the last 10 minutes, the intuitive interface makes searches very simple. Users can also add their own subjective clips onto playlists and share this with other users who may be anywhere around the world.

## Graphical Analysis

The new interface presents users with interactive pitch graphics that allows them to click on any event to view it.
