

Widgets Overview

Opta powers a host of widgets designed to enable you to have a complete website solution across a number of sports, including football, basketball, baseball and all of the major global soccer leagues including EPL, MLS and La Liga.

From Performance data displaying detailed, live play-by-play data, to Core widgets displaying real-time box scores, Opta widgets

visualize vital sports data, without any complex technical integration.

Our widgets are fully customizable, offering a multi-platform solution. You have the ability to re-size, re-skin and apply your own branding to all levels of widget whilst being able to add more as and when you require them.

Opta widgets are fully customisable, are easy-to-implement and hosted by us.

There are dozens to choose from and are split into three tiers depending on the level of detail – *Core*, *Classic* and *Performance*.
